TRADES

SIDING & CLADDING

VSA Siding Accessories are designed for use with Vinyl Siding, Stucco, Cement Fibre Board and many more types of cladding. The Third Wave Series looks particularly good with Cement Fibre Board and Panel. The adjustable trim ring accommodates cladding thickness' of 5/8" to 1 $\frac{1}{4}$ " making the Third Wave Series the ideal choice.

HVAC

VSA manufactures a variety of venting solutions. ([link to Page 11 Ventilation](#))

ELECTRICAL

Third Wave OAB Exterior Electrical Mounts maintain the building envelope air barrier and conform to CSA/UL standards for wet location. Can be used as an extension box to bring non-Electrical Code conforming connections up to code.

PLUMBING
